QUICK REFERENCE

LEDGIGPACK

"Best New Lighting Product of 2010"

Music & Sound Awards

A. LEDGIGPACK LED Lighting System

A compact LED lighting system with its own carry case! The LEDGIGPACK includes 4 slim-design spots (only 2" thick) in red, yellow, blue and green. Each spot uses ultra-bright 10mm LEDs: 108 per color, 432 total. The cool-running, low power-usage LEDs only consume 15 watts per spot: 60 watts for the total system. The spots connect to the control T-bar for power and functions. Included is a 4-pedal foot switch with capability for full-on, individual spot selection, group selection and chasing. Audio chase with sensitivity control knob built onto the control T-bar. Heavy-duty tripod stand goes to 8 feet high. Includes form-fitted carry case (the size of an electric bass guitar case) for easy portability and quick set up.

TOP 10

A. LEDSPRAYDMX LED Effect Light

A stronger, more sophisticated version of the 7-lens LEDSPRAY. Incorporates 189 bright LEDs in red, green, blue and WHITE (27 for each lens). Built-in, sound active programs for awesome flashing, sweeping effects in stand-alone or master/slave modes. Or, use a DMX controller (9-channels) to control each lens individually. 3-pin XLR input and output. Low power (20 watts), low heat and no moving parts make this the ideal choice for DJs, band and clubs.

MODEL	LIST
LEDSPRAYDMX	$239.00

B. Kingtut LED Effect Light

Projects seven tight beams that change color simultaneously. Light source is one extremely bright 3-watt tricolor RGB LED. 3 modes of operation: Sound activated color change, auto pattern using built-in programs and 4-channel DMX manual control (with any standard DMX controller). Audio sensitivity control. DMX input and output for master/slave linking. Rugged, lightweight plastic housing: only weighs 3 lbs! Compact 12" x 9" x 4" design is perfect for mobile DJs, bands and low-ceiling clubs. Total power: 7 watts.

MODEL	LIST
LEDKINGTUT	$199.00

C. Soldier LED Effect Light

Same 46 LED moonflower pattern as the LEDMOONBUG, but with an additional flat scanning mirror. The mirror rotates to the beat of music, taking a single large image of the colorful pattern and scanning it around the room or dance floor. Simple plug & play sound active operation. Lightweight plastic housing (only 5 lbs) and compact 17" x 6" x 6" design make it perfect for mobile DJs, bands and low-ceiling clubs. Total power: 12 watts.

MODEL	LIST
LEDSOLDIER	$139.00

D. LEDSPRAY LED Effect Light

"Derby"-style effect with 7 lenses in a semicircular pattern projects flashing, pulsing beam to the beat of music. Awesome sweeping patterns using 63 bright red, green and blue LEDs (9 for each lens). Built-in sound-active programs activate as soon as you turn the music on: no controller needed! Sweeping design for wide coverage. Compact size, low power (only 9 watts), low heat, no moving parts and plug-n-play design make this ideal for mobile DJ, band and clubs.

| MODEL	LIST
LEDSPRAY	$159.00

E. LEDMUSHROOM Effect Light

Large 8-lens centerpiece effect using 160 bright LEDs in red, green, blue and WHITE. Brilliant "flowering" patterns chase and pulse while the internal LEDs rotate to the beat of music. Colorful, sound-active patterns can be projected on a dance floor, walls or ceiling in stand-alone or master/slave modes. Or, connect to a DMX controller (4 channels) for manual control of the LEDs and rotation motor. 3-pin XLR input and output. Low powr (20 watts) and low heat make this an ideal choice for DJ, band and clubs.

MODEL	LIST
LEDMUSHROOM	$239.00

LIGHTING

mbt LIGHTING
TOP 10

A. Beehive LED Effect Light

36 one-inch round lenses in a dome-shaped all metal housing. Light source: 6 ultra bright 3 watt LEDs (2 red, 2 green, 2 blue). The result is 216 sharp colorful beams moving around a room or dance floor. Dual operation mode switch: Auto (slow constant beam movement) or Sound (clockwise/counterclockwise beam movement to the beat of music). Audio sensitivity knob. Total power 20 watts. Compact size (10" x 10" x 14") and lightweight (8 lbs) make it ideal for bands, mobile DJ's and a centerpiece light for small clubs.

MODEL	LIST
LEDBEEHIVE	$199.00

B. Warrior LED Effect Light

Same 46 LED moonflower pattern as the LEDMOONBUG, but with an additional external 16-sided barrel mirror. The mirror projects as many as 5 images of the ever-changing color pattern and spins them wildly around the room or dance floor to the beat or music. Simple plug & play sound-active operation. Lightweight plastic housing (only 5 lbs) and compact 17" x 6" x 6" design makes it perfect for mobile DJ's, bands and low-ceiling clubs. Total power: 12 watts.

MODEL	LIST
LEDWARRIOR	$139.00

C. Moon Bug LED Effect Light

46 bright LEDs arranged in a circular moonflower pattern: 16 red, 15 green, 15 blue. Built in patterns flash and alternate colors to the beat of music (or chases to 1-second clock speed when there's no music). Simple plug & play operation and an ever-changing light show. Lightweight plastic housing (only 3.5 lbs) and compact 10" x 6" x 6" design make it perfect for mobile DJ's, band and low-ceiling clubs. Total power: 10 watts.

MODEL	LIST
LEDMOONBUG	$119.00

D. Rascal LED Effect Light

Projects seven tight beams that change color simultaneously. Light source is one extremely bright 3-watt tricolor RGB LED. 3 modes of operation: Sound activated color change, auto pattern using built-in programs and 4-channel DMX manual control (with any standard DMX controller). Audio sensitivity control. DMX input and output for master/slave linking. Rugged, lightweight plastic housing: only weighs 3 lbs! Compact 12" x 9" x 4" design is perfect for mobile DJs, bands and low-ceiling clubs. Total power: 7 watts.

MODEL	LIST
LEDRASCAL	$199.00

E. LEDBOOGIE Effect Light

Twin moonflower patterns pulse and chase to the beat of music. Sharp beams are produced by 94 bright red, green & blue LEDs (47 for each lens). Built-in sound-active programs activate as soon as you turn the music on: no controller needed! Angled design for wide coverage. Compact size, low power (only 12 watts), low heat, no moving parts and ease of operation make this an ideal mobile light show for bands and DJs.

MODEL	LIST
LEDBOOGIE	$139.00
NEW!

A. LEDQUADCASTER Effect Light

256 bight LEDs (64 red, 64 green, 64 blue, 64 white) arranged in a square projection pattern. Active matrix technology creates 15 exciting built-in patterns that scan, chase, strobe and bloom onto a dance floor. With fog interesting laser-like aerial effects are produced. DMX, Auto and Sound-active modes. 3-pin XLR inputs for master/slave linking. 3-channel DMX control. 4-button menu selection control w/ digital display. Built-in audio sensor w/ sensitivity control knob. Total power consumption only 36 watts! 12" x 10" x 10". 10 lbs.

MODEL	LIST
LEDQUADCASTER	$339.00

B. Rotostar White LED Effect Light

Brilliant rotating dome projects 34 tight, white beams for a high-tech mirror ball effect. Freestanding and DMX control modes. In manual mode choose constant rotation with speed control or sound-activated strobing and direction change mode. Linkable via XLR inputs and outputs for master/slave operation. 2-channel DMX control for brightness and strobe speed and motor rotation speed and direction. Light source is one extremely bright 3-watt white LED. Lightweight housing (only 4 lbs) and compact 9" x 9" x 7" design make it perfect for mobile DJs, band and low-ceiling clubs. Use flat-mounted on the base or hang using the included bracket. Total power: 12 watts.

MODEL	LIST
LEDROTOSTARW	$199.00

C. Rotostar Color LED Effect Light

Brilliant rotating dome projects 34 tight, color-changing beams for a high-tech mirror ball effect. Freestanding and DMX control modes. In manual mode choose constant rotation with speed control or sound-activated color and direction change mode. Linkable via XLR inputs and outputs for master/slave operation. 3-channel DMX control for brightness and strobe speed, color and motor rotation speed and direction. Light source is one extremely bright 3-watt tri-color RGB LED. Lightweight housing (only 4 lbs) and compact 9" x 9" x 7" design make it perfect for mobile DJs, band and low-ceiling clubs. Use flat-mounted on the base or hang using the included bracket. Total power: 12 watts.

MODEL	LIST
LEDROTOSTARGB	$219.00

D. LEDSUPERFLY LED Effect Light

This large moonflower projector uses 158 bright LEDs in red, green, blue and WHITE arranged in a circular symmetrical pattern. Brilliant, colorful, sound-active patterns can be projected on a dance floor, walls or ceiling in stand alone or master/slave modes. Or, connect to a DMX controller (4 channels) for manual control. 3-pin XLR input and output. Large coverage. Low power (20 watts), no moving parts and low heat make this ideal do mobile DJs, bands or clubs.

MODEL	LIST
LEDSUPERFLY	$219.00

E. LEDTWINSCAN LED Effect Light

Twin moonflower patterns pulse and chase to the beat of music, while two external mirrors send the beams scanning around the dance floor. Sharp beams are produced by 52 bright red, green and blue LEDs (26 for each lens). Built-in sound-active programs give the effect of two intelligent scanners working together, but no controller is needed. Angled design for wide coverage. Compact size, low power (only 12 watts), low heat and plug-n-play design make this ideal for mobile DJs, bands and clubs.

MODEL	LIST
LEDTWINSCAN	$199.00

LIGHTING

A. LED Color Spotlight

Advanced LED technology using one powerful 3-watt tri-color LED. Projects a tight spot creating an exciting effect for nightclubs, mobile DJs, band restaurants, more. Includes two lenses 6* and 11*. DMX, Auto and Sound-active modes. 3-channel DMX control to produce almost any color. 3-pin XLR inputs for master/slave mode featuring tons of built-in color-changing programs. Small size and light weight makes it ideal for low ceilings or mobile use (8"x 6" x 6", 3 lbs.). Only 6-watts total power consumption. Long life, low-heat LED: enjoy the color-changing spot all night!

MODEL	LIST
LEDCOLORSPOT	$159.00

B. LED Flower Effect Light

Compact moonflower effect uses 3 x 3 watt bright LED's (1 red, 1 blue, 1 green) to project up to 120 colorful beams. The moonflower patterns rotate, pulse and color-switch to the beat of music using built-in programs. Includes audio sensitivity control knob, on/off switch and hanging bracket. 10 watts total power. 9" x 6" x 4".

MODEL	LIST
LEDFLOWER	$139.00
C. LED Moon Raker

Uses 162 bright LEDs (60 red, 36 green, 66 blue) arranged in a symmetrical pattern. It features 9 built-in chase programs plus sound active mode. It can be used as a stand-alone light, grouped together in a master/slave mode or controlled manually by a standard DMX controller. Includes 6 DMX control channels, including master brightness and strobe, a 3-pin XLR DMX in and out connections, and a 10 DIP switch bank for DMX addressing and function setting. An audio sensitivity control and hanging bracket are included. A large 8 inch lens allows for huge coverage. Size: 12" x 10" x 12". Weight: 15 lbs. Power consumption: only 40 watts!

MODEL	LIST
LEDMOONRAKER	$259.00
D. LED Moon Doggie

Uses 469 bright LEDs (280 red, 63 green, 126 blue) arranged in 7 clusters. A built-in pre-programmed pattern allows the clusters to chase and "bloom" to the beat of music. Can be used as a stand-alone light, grouped together in a master/slave mode or controlled manually with a standard DMX controller. Includes 9 channels of DMX control, 3-pin XLR DMX in and out connections and a 10 DIP switch bank for DMX addressing and function selection. An audio sensitivity control and hanging bracket are included. The large 10-inch lens allows for huge coverage. Size: 14" x 12" x 14". Weight: 20 lbs. Power consumption: only 50 watts!

MODEL	LIST
LEDMOONDOG	$339.00

E. LED Mini Moon

Features 84 bright LEDs (36 red, 24 green, 24 blue) arranged in a symmetrical pattern. This colorful LED effect light can be used as a stand-alone sound-active disco light, in master-slave mode so a group of the lights can work in sync or with a standard DMX controller for manual operation. Includes 6 DMX control channels, including master dimmer and strobe functions. There are 9 built-in chase programs plus a sound-active mode. 3-pin XLR DMX in and out connections are available for linking and a 10 DIP switch bank for DMX addressing and function selection. Audio sensitivity control and hanging bracket are included. The small size (10" x 7" x 5"), lightweight (5 lbs) and low power consumption (20 watts).

MODEL	LIST
LEDMINIMOON	$139.00
A. LED WOW 168 LED Light

WOW is right! 168 ultra-bright LEDs (68 red, 46 green, 44 blue) arranged in circular patterns chase and flash in dozens of preset patterns. Sometimes it's "blossoming", sometimes shrinking, sometimes a full-on strobe light. Rear controls include a rotary flash speed control knob. A pushbutton selector switch puts it into sound-active mode: use the rotary audio sensitivity knob to make it flash to the beat of music! A club, DJ or band can install several of these and they've got a bright, flashy sound-active light show! Only 15 watts. 8" x 6" x 8". 3 lbs.

MODEL	LIST
LEDWOW	$79.00

B. LED Color-Mixing Flat Screen

64 red, 64 green, 64 blue LEDs can combine using a DMX controller to project virtually any color in the rainbow. 6 DMX channel control. 8 chase programs plus audio chase. 192 bright LEDs. Can be used with standard DMX controllers or as freestanding lights via built-in programs. 15.5" wide, 9.5" high and only 4" thick, making them very useful to nightclubs, DJs and bands because of its compact size. A hanging bracket is attached so it can be mounted on trussing, stands, walls and ceilings. Includes DMX in and out connections, DIP switches for DMX addressing and an internal audio mic with sensitivity control for sound-controlled functions. Although sophisticated and bright, it only uses 17 watts of power.

MODEL	LIST
LEDFSRGB	$259.00

C. LED White Flat Screen

192 white LEDs. Use for general lighting or as a strobe light. 3 DMX channel control. 7 chase programs plus audio chase. 192 bright LEDs. Can be used with standard DMX controllers or as freestanding lights via built-in programs. 15.5" wide, 9.5" high and only 4" thick, making them very useful to nightclubs, DJs and bands because of its compact size. A hanging bracket is attached so it can be mounted on trussing, stands, walls and ceilings. Includes DMX in and out connections, DIP switches for DMX addressing and an internal audio mic with sensitivity control for sound-controlled functions. Although sophisticated and bright, it only uses 17 watts of power.

MODEL	LIST
LEDFSW	$259.00

D. LED UV/Blacklight Flat Screen

192 violet/blacklight LEDs. Use as a constant blacklight or as a UV strobe. 3 DMX channel control. 7 chase programs plus audio chase. 192 bright LEDs. Can be used with standard DMX controllers or as freestanding lights via built-in programs. 15.5" wide, 9.5" high and only 4" thick, making them very useful to nightclubs, DJs and bands because of its compact size. A hanging bracket is attached so it can be mounted on trussing, stands, walls and ceilings. Includes DMX in and out connections, DIP switches for DMX addressing and an internal audio mic with sensitivity control for sound-controlled functions. Although sophisticated and bright, it only uses 17 watts of power.

MODEL	LIST
LEDFSUV	$259.00

E. LED Mini Flash 24 Light

Although it can fit in your hand this light packs a punch! 24 bright LEDs (8 red, 8 green, 8 blue) chase in a pre-set series of flash patterns. Rotary knob controls chase speed. Only 3 watts! This simple plug-n-play, small-size flasher will bring attention to any club, band, DJ, or retail store! Buy several and put them all over! 5" x 4" x 3". 1lb.

LIGHTING

BEST SELLER | **NEW** | ~ House Brand | * Special Order | > While Supplies Last

A. Gyro Copter

Similar to our popular Gyro Ball effect, this light features two revolving balls that roll around each other. Each ball has large multi-colored lenses and small white lenses for lots of different sized colored beams tumbling around the room. A really nice centerpiece. Includes (2) 24V/150W lamps. Dimensions: 18.1" (L) x 18.1" (W) x 12.2" (H). Weight: 17.6 lbs.

MODEL	LIST
ME9150-1	$359.00

Lighting: See replacement bulb on page 644.

B. Double Dancer

This double derby effect has 20 large lenses to create 40 strong multi-colored beams dancing to the beat of music. Sound active with sensitivity control. Includes (2) 120V/300W lamps. Dimensions: 16.9" (L) x 14.6" (W) x 11.0 (H). Weight: 33.1 lbs. Bonus: Extra set of lamps included!

MODEL	LIST
> ME3700	$299.00

Lighting: See replacement bulb on page 644.

C. Spinning Star / White

Just like the Color Spinning Star but in bright white. Approximately 10RPM. Includes (1) 120V/300W lamp. Dimensions: 16.1" (L) x 11.0" (W) x 17.3 (H). Weight: 19.8 lbs. Bonus: Extra set of lamps included!

MODEL	LIST
ME4710	$299.00

Lighting: See replacement bulb on page 644.

D. Spinning Star / Color

This large mirror-ball type effect features a bright 300 watt lamp. Over 125 multi-colored lenses produce sharp colorful beams spinning around the room at approximately 10RPM. Great centerpiece effect. Includes (1) 120V/300W lamp. Dimensions: 16.1" (L) x 11.0" (W) x 17.3 (H). Weight: 19.8 lbs. Bonus: Extra set of lamps included!

MODEL	LIST
ME4700	$299.00

Lighting: See replacement bulb on page 644.

E. Enticer

Two 300 watt lamps and 15 multi-colored lenses combine to create 30 beams that "dance" back and forth to the beat of the music. Sound active with audio sensitivity control. Compact size and light weight make it perfect for mobile or permanent use. Includes (2) 64514 120V/300W lamps. Dimensions: 12" (L) x 12" (W) x 15.2" (H). Weight: 12 lbs. Bonus: Extra set of lamps included!

MODEL	LIST
ME2200	$219.00

Lighting: See replacement bulb on page 644.

F. Triple Rascal

Similar to our popular "Rascal," this unique effect has 3 lenses in each window, producing 48 multi-colored beams criss-crossing to the beat of the music. Sound active with sensitivity control. Includes (2) 120V/300W 64514 lamps. Dimensions: 18.7" (L) x 18.7" (W) x 9.4" (H). Weight: 10.6 lbs.
MODEL	LIST
ME3690	$249.00

Lighting: See replacement bulb on page 644.

A. Shimmer Effect

Aim at any floor, wall or ceiling. Creates the tranquil look of shimmering, flowing water. Dichroic wheel constantly changes color. Mesmerizing effect! Includes hanging bracket, cooling fan and (1) 24V/250W ELC lamp.

MODEL	LIST
ME2150-1	$279.95

↻ Lighting: See replacement bulb on page 644.

B. Home Run Effect Light

Projects an image of 15 "Bats" and 15 "Balls" moving to the beat of music. Uses (1) 64514 300 watt lamp to create the dot and (1) EHM 300 watt lamp for the line. 15 clear lenses for an all-white effect. Includes hanging bracket and audio sensitivity knob. Extra set of lamps in box (2 x 64514 and 2 x EHM).

MODEL	LIST
ME2400-1	$119.00

↻ Lighting: See replacement bulb on page 644.

C. Mini-Sunlight

The Mini-Sunlight is the perfect tabletop spinning light for house parties, budding DJs, or store displays. Only 7.5" tall! This little guy throws out surprisingly bright colorful beams as it spins around. The price alone will make this one a mover! 90-day warranty.

MODEL	LIST
ME2020-1	$23.90

D. Crazy 8

Unique MBT design! Eight colorful lamps chase to the beat of the music! Lamps (2 red, 2 blue, 2 green, 2 yellow) operate in pairs. Over 100 combinations of chase/flash patterns. Low profile (only 2.5" thick) allows for convenient hanging on walls or ceilings. Each lamp is bright 120V/50W (same lamps as popular PAR-T light). Includes 8 lamps, hanging bracket and power cord.

MODEL	LIST
CRAZY8	$169.00

↻ Lighting: See replacement bulb on page 644.

E. PAR-T Light

Nominated "Best New Lighting Product of 2000!" The best idea since sliced bread! A colorful sound active light show in a Par Can! Small size and light weight (only 2.5 lbs) makes this a perfect choice for DJs and clubs. Four colored lamps chase to the beat of the music in 100 patterns. Includes hanging bracket and (4) 120V/50W lamps. Buy several - this one is going to move!

MODEL	DESCRIPTION	LIST
PAR-T	Light	$110.00
PAR-TB_	PAR-T/CRAZY8 bulbs 120V/50W, Available in: Red (**R**), Yellow (**Y**), Blue (**B**), Green (**GR**),	$8.39

↻ Lighting: See replacement bulb on page 644.
F. Link-A-Spot

Like building blocks the Link-A-Spot can connect together in different ways. The six channel controller makes the Link-A-Spot flash in sequence either to a speed setting or to audio. Includes: six Link-A-Spots (different colors) and LS100 chase controller.

MODEL	LIST
LS1-6	$119.00

↻ Lighting: See replacement bulb on page 644.

LIGHTING

A. Green DMX Laser

A bright green laser performs dazzling light shows through auto/preprogrammed mode, sound active mode or DMX controlled mode. Linkable through master/slave mode using 3-pin XLR connections. Audio sensitivity control knob for sound active mode. In DMX modes 6 channels are used to control mode, pattern, pan, tilt, size and scan speed. Heavy duty all metal construction w/ integral hanging yoke. 10mW laser diode uses Big Beam optic design for compliance to regulations for Class IIIA devices. 11" x 8.5" x 6.5". 9 lbs.

MODEL	LIST
LZ500	$359.00
B. Green Laserbot

Similar in features and function to the LZ300/red, but in the higher-visibility green light spectrum. Although still 4.9 MW power, appears much brighter and more powerful than the red version.

MODEL	LIST
LZ400	$279.00

C. Red Laserbot

Projects 3-D patterns using a red 4.9 MW laser. 36 patterns (solid and dotted) that can be controlled via 3-way switch for audio-active, auto or manual modes. 3 internal motors, on/off switch. Includes 9V power supply. Compact size is ideal for mobile DJs, bands or small clubs.

MODEL	LIST
LZ300	$79.00

D. Spinster

Multi-colored lenses throw colorful beams around the room as the ball rotates. Includes 120V/150W lamp. Dimensions: 8.7" (L) x 8.7" (W) x 11.0 (H). Weight: 5.5 lbs.

MODEL	LIST
ME9910	$115.00

Lighting: See replacement bulb on page 644.

E. Pinball

Small white pin beams spin around the room to create an unusual mirror-ball effect. Lightweight! Includes 120V/150W lamp. Dimensions: 8.7" (L) x 8.7" (W) x 11.0 (H). Weight: 5.5 lbs.

MODEL	LIST
ME9900	$109.95

Lighting: See replacement bulb on page 644.
